HERE IS YOUR REMEDY

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 24 YEARS' SUFFERING

Extract of a Letter from Mr William Galpin, of 70 St. Mary s Street, Weymouth dated May 15th, 1852.

To Professor Holloway,

SIR,—At the age of 18 my wife (who is now 51) caught a violent cold which settled in her legs, and ever since that time they have been more or less sore and greatly inflamed. Her agonies were distracting and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried but without effect; her health suffered severely and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Ointment; and as a last resource, after every other remedy had proved useless she consented to do so. She commenced six weeks ago and strange to relate is now in good health. Her legs are painless without sore, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 13 years, and contrast them with her present enjoyment of health, you would feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN

A PERSON 91 YEARS OF AGE CURED OF A BAD LEG OF THIRTY YEARS STANDING

Copy of a Letter from Mr Wm Abbs Builder of Gas Ovens &c Rue ... Near Huddersfield dated May 21 1851

To Professor Holloway,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three difficult accidents as Gas Works, accompanied by splinters; the symptoms I had recourse to a variety of medical advice without deriving any benefit, and was even told that the leg must be amputated. Yet in opposition to that opinion your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact. (Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W P E Glaid Chemist, 17 Market street Huddersfield

A DREADFUL BAD BREAST CURED IN ONE MONTH

Extract of a letter from Mr Foster the Post of Kentisbeare dated December 15th 1850

To Professor Holloway,

DEAR SIR,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance but all to no use. Having before healed an awful wound, my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment and therefore gave them a trial in her case, and fortunate it was, for in less than a month a perfect cure was effected and she has happily had various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases:

OF NORTH CAROLINA.

Lundy's Lane Celebration.

This was a brilliant and enthusiastic affair. The procession formed in the following order. Military as follows:—

Staff—Cleveland Light Artillery.
Staff—Kentucky Volunteers.
Staff—Of 21th Brigade.
Onondaga Life Guards.
Cerro Gordo Guards.
Detroit Guards.
Five Companies of Sixty-fifth Regiment.
Two Companies of Fifty-first Regiment.
Delegations from States.
Civic Societies.
Political Associations.
Columnitees.
Invited Guests.
General Guests.

The procession paraded to all the principal parts of the town to music from several bands, and proceeded to the grove, where platforms were erected for speakers. The principal stage was in a beautiful spot, shaded with trees, and in a complete natural amphitheatre, caused by rising circular banks; around the ground that have been less than from 10,000 to 20,000 people, among whom were a good sprinkling of elegantly-dressed ladies.

Another platform, also erected in a convenient locality out of sound of the voices of the speakers on the large platform, had a speedy audience of from 3,000 to 4,000. The military drew up in a circular form around the outside of each audience and formed a beautiful spectacle, while cheers and counter cheers from the two great crowds which went up during the delivery of addresses, now answering each other, and now mingling together, made the scene inspiriting in the high degree.

At the large platform the meeting was organized, by the appointment of Hon. Thomas Ewing of Ohio for President, and one Vice President from each State.—When Mr. Ewing's name was announced for President, it was received with much applause, and as each Vice President was announced, cheers were given for the States they represented.

After an opening prayer by Rev. Mr. Miner, the President addressed the meeting in an argumentative and able speech. He was followed by Gov. Hunt, Henry Winter, Mr. Davis of Maryland, and Col. Schuyler of Massachusetts, all of whom were well received. The speakers at the smaller stand, were Horace Greeley, Robert C. Winthrop and General Geary of Pennsylvania.

The vast assemblage was composed of a good class of intelligent citizens, from all parts of the Union, and the enthusiasm was decidedly great. During the addresses, the shouts and cheers of the multitude were deafening.

One procession, formed of boys, to the number of some 300, created much amusement. They bore banners, with bronzed paintings of a large cent, and red and white striped sticks of candy, with the motto of "We buy our own candy and go for Scott." They took up a platform on the grove alone, and had juvenile oratory.

In the evening Gov. Jones made a stirring speech.

☞ Oasian E. Dodge, that queer bunch of drollery, who now wields with great skill the editorial pen of the Boston Literary Museum declares that he "dosno" when he has had his "feelinks" so strongly moved as by reading the poem which may be found in our columns to-day, from the pen of the celebrated Jesse Hutchinson, who has lately gone to California.

Later advices from the Bay of St. Lawrence have been received by schooner Gen. Cushing, arrived at Newburyport. She makes the following report:—

"Left Gut of Canso, Saturday, 24th instant, and spoke on that day schooner Freeman, of Wellfleet, who reported that on the Grey previous they saw a steam frigate, with two American fishing vessels in tow, taken off Gaspe Head, how far from land not stated. There were 14 British vessels of war on the fishing grounds and 14 others fitting at St. John."

☞ The steward of the schooner Tennessee, of Searsport, Me., absconded from Boston on Thursday night last, carrying with him a silver watch worth $16, and $35 in bank bills, the property of Joseph Lewis.

☞ A telegraphic line between Vera Cruz and the city of Mexico, has been completed.

☞ There is no doubt of the re-appearance of the potato rot in Ireland.

☞ The Hon. Josiah Quincy, having surrendered all his property, has received a full discharge from the Commissioner of Insolvency.

☞ The Rev. William Henry Channing has accepted an invitation to become Pastor of the Unitarian Society at Rochester, New York.

☞ The New York Democrat publishes a Pierce campaign song, of which the following verse is a specimen.

"That same old coon that looks so fat,
How often have we slain;
And when we think him dead and gone,
Then he pops up again."
Well, he does, "old hoss."

GOING TO CALIFORNIA BY THE VANDERBILT LINE.

Practical Joking on the Way—Arrival at Cape of the Furnaces.

I want to write in sober truth a song of Independence,
Descriptive of our sufferings and wrecked situation,
For here I'm near six hundred souls upon a dark old steamer.

Who'll testify the words I write are from no idle dreamer.

We left New York, a jaunty crew, as ever was bound together,
On the 20th day of March we sailed, and all was pleasant weather;
Till we arrived at 3rd Island off Norfolk or Greytown, as it was called,
When first the mournful news we heard, which many a heart appalled.

The "North America" had been lost, and nothing when there left
To carry us to the promised land," of Southern Hopes bereft—
Yet we crowded the steerage, nearly all with right good heart and hope,
For every one was anxious to see the "promised land."

We found the "promised land," indeed, upon the Isthmus agree,
For every agent promised much, but carried no promises free.

At every point upon the line extortion we had to pay,
Without redress whatever, for all our sad delay.

Our river boats were all aground, and the waters were so low,
That once two hundred men four miles on foot were obliged to go,
Carrying their luggage on their backs beneath the tropic sun—
The labors of that weary day brought death to many a one.

From Cruzine Falls, Don Carlos crosses the Lake to Virgin Bay,
Where fifteen cents per pound for monkey each passenger had to pay,
Then on the lake some twelve miles we rode for till twelve miles or more,
With we reached that Rock of Sun upon the Pacific shore.

It took ten days—yes, more than that—before all did arrive—
And some have died upon the road, while others are scarce alive.

A dangerous route, but the world believe, as month's over-flood—
And the living long will live to hear to their offering thanks to God!

Oh! what a sight will we see upon that rugged shore,
Men, women and dear children laid, upon some poor mule's back!
Some trudging on in a feeble pace, though many a recent dying!

And often vomiting neck and heels, down some raving throat!

But let time commemorate the picture to unfold
I would sicken many a bleeding heart from all desire for gold!
But tongue of pen can ne'er depict what dangers were will
For getting gold testimonial now sleep in a stranger's grave!

On the burning sands of Old San Juan, we cooked our dried salt meat,
And would not forget it very soon—for the biggers in our bellies
Ate 5 cents a laugh and then had to fight for all our quarters there;
To see each other running round with faces in spots and lines.

But I cannot stop to tell the rest of all our sufferings there,
The flights and trials and the fears, and scenes of dark despair!

A list of sailors lay sick at once, and given were often found
Stretched out in dying agonies upon the rained ground.

So mournful were the scenes we saw of lost and wounded heart grief,
That the living often envied those to whom death brought relief!

The sailors, a lot of strikers, and demands had rotten
With chances a covering to their heads or a bed which
[illegible]

At last the merry-go-round day of April did arrive
And a splash of steam propeller came to take what were alive;
And bore I am, on the decks of Cruzine with my pocket on my knee,
Attempting to describe the scenes of our present misery.

We had been out but a single day upon the briny waves,
Ere many poor fellow passengers had found a watery grave.
Then another died—died like!, you'd say, and four—
Were buried in the ocean graves, left from their native scene forever!

O! how the heart rey jewels with grief as Block on the scene of slaughter,
In every part of the daily sight, each wretch adrift aboard,
All mingled here and here and there, upon the deck are lying,
Ere noon this morning, a fifty another man is dying!

Another man agone! was soon the word to me,
And, mournful as the message sounds, I'm glad that this soul is free,
For now it will be to a better land, and there's moment to mourn—
Than all that earth can give the soul with its heaps of glittering gold

Yet of all the suffering we've endured from the sea or land,
We've found the coldest usage from him who bears command.
Or rather who should bear command of this all-fund ship,
Whom almost every passenger feels deserves the execration in ship!

Two days we lay since first we sailed from San Juan's rugged shore!
And though sea-sickness more or less our sufferings have been sore,
The captain has not been the man to promise us relief,
But kept us sweltering with his sloop as though he were a thief.

While hundreds lie about the ship, like beasts in their filthy hovels,
All quiet in the cabin dines the captain reading novels;
Or, if perchance, he comes on deck, with a cold and careless eye,
And if to say what's that to me though all the passengers die!

The very second day we boarded, to the amazement of sea and daughter,
We were treated with the same issue from mackerel salt beef, we'll say,
All the passengers all were alike told that for five days more at least,
This brackish water boy must drink between meals and at least.

At least," did I say? Oh! I might a feast had it been invited
I have never seen on earth before, poor mortal men more frighted,
The cultivation our prisons days, were never used more grub,
For often here how the famishing sick plead for one poor cup of grub!

And then the beef we've had to eat, (to) had for a belief
Three days ago, or was stale, all mixed with ship fever,
And at every meal, since first sweet, those who in health were able,
To eat, in cabin or on deck, feared this beef upon their table.

It's too foul to write the truth of it that we endure,
My very heart is sick and sad, and I tremble now with fear,
For all around now where I set the prostrate men are lying!
Some struggling hard to rally strength while the dead and dying.

I see the captain now on deck, arrowishly his well-trimmed beard,
And looking curses o'er the sea, as though for naught he cared;
While within twenty feet of where he stands, as many men, alone!
And not a word of sympathy comforts both he show.

The only hope we have of life is, that in a few hours more,
We shall get our wretched ship in port, and the living go on shore;
If then there be protection in the government of our land,
We may have our wrongs redressed, or plead upon the stand.

Another man has just now died, making all since we left the shore,
And struggling in the arms of death he's nearly as many more!
For twelve o'clock at night we see, or grim shades have
Full three or four more wretched men are doomed to breathe their last!

Behold the blessed job we see! Acapulco is in sight!
Cheer up, we'll have some water soon—fresh water, boys, tonight!

Once landed on the friendly beach, few words suffice to tell
What happened to our passengers, the suffering, and the
[illegible]
At our public meeting, the captain came and promised to
[illegible]
To fill the ship with good supplies, and bring the sick to land.

But while the ship was in the bay, death still reached the shore,
Three had died of our number, five more passengers more,
Six more have died, while on the sea, five buried in the deep,
The others are now in the hospital, and in their graves asleep.

We will weep for you, dear brothers, long as the coming years,
As memory shall recall to mind your sufferings and cares,
And will wear for those remains at home, who will wait in vain,
For your return and speak to them—we'll see go back again.

CONGRESS.

WASHINGTON, July 29.

In The Senate. A number of petitions were presented and reports made.

The bill to authorize an exploration and reconnoissance of the courses of navigation used by whalers in the regions of the Behrings Straits; also of such parts of the China Seas, Straits of Gasper, and Java sea, as lie directly in the route of vessels proceeding to and from China, was taken up and Mr Seward addressed the Senate. He gave a rapid history of the rise, progress and present fortune of the American whale fisheries from the time when the Colonists at Plymouth sent out their first vessels in 1690 to the Banks of Newfoundland, up to the present day, and earnestly contended for a naval exploration and reconnoissance of the China seas by our Government, which have so recently become the theatre of profitable adventure of our whalemen.

The bill was postponed.

Mr Shields offered a resolution, which was agreed to, calling for an estimate of the cost of constructing a post and naval depot at San Francisco; also how much was necessary to complete the defence of Gorgani Key, on Tortugas Island; and some information relative to Fort Delaware, on the Delaware River, and such other points as may be exposed in case of war, and which require immediate efficient defence.

The Indian Appropriation bill was taken up. The additional compensation of $121,840 to the Menomonees, for excess of land ceded by them in Wisconsin, was, after a debate, stricken out, and $25,000 inserted in lieu thereof, to remove them to another part of the State. The bill was postponed.

Mr. Stockton offered a bill amendatory of existing Appraisment Laws, similar to substance to Mr Jameson's. It was laid on the table and ordered to be printed.

After a short Executive Session, the Senate adjourned.

In The House. The House took up, as the first business in order, the motion to lay upon the table the bill granting to Michigan, land for railroad purposes.

After a call of the House had been made the bill was laid on the table by yeas 65, nays 82.

Mr Johnson of Arkansas, moved an amendment to the bill, by adding sections granting land to Ohio, Illinois, Indiana, Louisiana, Alabama, Mississippi, Florida, Wisconsin, Iowa, and Michigan, for the construction of certain railroads.

Mr Skelton raised a question that the amendment was out of order.

The Speaker decided that the amendment was in order.

Mr Skelton appealed from this decision.

Mr Clingman moved to lay the appeal upon the table. The yeas and nays were ordered.

The motion was carried by yeas 104, nays 62.

Mr Stuart moved to reconsider the vote and to go into Committee of the Whole on the state of the Union. Questions of order were raised as to whether the gentleman could make the last part of the motion.

The Speaker decided that the gentleman could—as the bill belonged to the morning hour.

Mr Johnson of Arkansas, gave notice that if the motion to reconsider should prevail, he would withdraw his omnibus amendment, satisfied that it can command the favor of the House. Question taken upon going into a Committee of the Whole and decided negatively—Yeas 71, nays 88.

Mr Harris, of Tennessee, moved to take up the motion to reconsider the vote on which the Michigan bill and amendment were laid on the table.

The Speaker decided that the motion was not in order.

Mr. Harris appealed, and after discussion of the point of order the decision of the Speaker was sustained.

The House then went into Committee of the Whole on the State of the Union and resumed the consideration of the River and Harbor bill.

Many amendments, some of them similar to those which have been rejected, were offered, debated in five minutes speeches, and voted down.

After a long debate, the bill was re-committed to the Committee on Commerce, and will come up again to-day. Adjourned.

WASHINGTON, July 29.

Despatches were received on Wednesday night from Mr. Webster, stating that the fishing difficulties would be promptly and satisfactorily adjusted. The British pretensions as generally understood are disclaimed, and extend no further than to that portion of the fishing ground where the British jurisdiction was undisputed.

It is thought that the river and harbor bill will pass the House to-morrow.

Ex-Secretary Graham has sold his house here to Senator Fish for $12,000.

It is said that the course of Mr. Webster upon the fishery difficulty, in issuing a proclamation, is not viewed with satisfaction by the President. It is positively asserted that Mr. Webster will shortly leave the Cabinet.

Mr. Sumner denies having been a party to any bargain to secure his election.

The President sent to the Senate to-day the correspondence between Mr. Webster and Senor De La Rosa, the late Mexican Minister, respecting the late Indian outrages on the frontier. Also, certain correspondence upon the subject of the boundary commission.

It appears from this that Commissioner Bartlett has selected the initial point, and directed the Surveyor to mark it. Mr. Gray refused upon the ground that it was wrong, and would lose to the United States a large tract of country. Mr. Bartlett dismissed Mr. Gray, and directed Mr. Emory to mark the point. It is believed that Mr. Emory has declined.

The nomination of Messrs. Fox and Matthews, as Lieutenants in the Navy, were also sent in to the Senate to-day.

The Senate held an executive session to-day, and had under discussion the propriety or impropriety of a message which had been sent in by the President, declining to communicate to the Senate the correspondence which had taken place concerning the cession of the Sandwich Islands to the United States. Some warmth was manifested on the subject.

☞ An Indiana paper, the Vincennes Gazette, has a contributor as is a contributor, notice of which he gives in the following style:—

"A Lady Contributor" sends us "one of my poems," with "permition to publish." Like most ladies' poetry, it has something to do with "love and the boys," though our "Lady Kontributer" seems to revile very near a vegetable garden—at least her "poim" would indicate such a residence. Only hear one strain from this votress of love and succotash:

"Too corn is up an' growin' fast,
My love to you will always last,
The beans is yallow an' a gettin' ripe—
Dus come to see me this very night."

Mr. As Brown, formerly of Cincinnati, Ohio—a native of China is now on a visit to this city for the purpose of introducing his excellent assortment of Chinese Goods, consisting of choice selected Teas, Chinese Rose, Hair Oil, Tooth Powder, &c., of his own importation. He remains a few days at G. F. Sargent's, Bangor, No. 8 Corner Smith's Block, where is exclusive Agent for the sale of Mr. Arthown's Articles. jy31 1w

☞ Godey's Lady's Book for August, a double number with a good share of Every day Actualities, finely illustrated and four full pages of Plates, making quite an extra touch. There is a home suggestiveness in Godey's Book which cannot but make it a great favorite in the family circle. The portraits of five of the noble women of our country are worth the price of the number. Copies may be obtained at the Bookstores.

THE FISHING INTEREST PROMPTLY ATTENDED TO.

The Steam Frigate Mississippi, Commodore Perry, has sailed for the fishing ground to render succor at Eastport, for the purpose of affording protection to the fishing interests of the country. This prompt action on the part of the Government, is highly honorable, and yet without any taint of a fussy haste or clamor rumor.

Eleven more bodies have been picked up from the Henry Clay, making sixty-seven up to this day.

Mr. Hayes, the American Consul at Barbadoes, died June 16.

A Word to the Bald

THE CRANIUM BALM is the only remedy in use for the Restoration of Hair, Whiskers, &c., that has ever been known to produce a new growth of hair on a head that has been entirely destitute of hair for years. Also, for those whose hair is falling off, or turning gray, it will restore it to its original color, and prevent it from falling off. Also, for Scurf and Dandruff it effectually removes it, and leaves the hair soft as silk, and beautiful as the most delicate flower. Also, for Whiskers, Moustaches, &c., it is unrivalled. Also, for Children's hair it is the best article ever used. Also, for Ladies' hair it is the best article ever used. Also, for Gentlemen

COOKING STOVE

THE best Cook Stove ever introduced to the or any other notice.

Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this Eastern market, by those experienced and expert Stove manufacturers' Messrs. Eastern & Whittier, who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits, and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Boiling, Broiling, Frying, &c., are not surpassed, and its extensive and beautiful Oven for Baking and Roasting, will at once recommend itself to the Ladies. One very important feature is, it has very stout and smooth castings, and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and none not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

—ALSO—

A great variety of other patterns of cooking Stoves, such as the

Our State, Bay State, Empire State, Granite State, State of Maine, &c.,

All or any of which will be sold at extremely low prices.

Elevated Oven Stoves—Hampden 3 and 4 Boiler and two Oven—Boston two oven Stoves, Forrest-Queen &c.—and that very beautiful pattern of Cottage Parlor Cook Stove, and in fact every variety of Stove for Cooking or warming, worthy of notice, can be found at the Central Street Stove and Furnace Depot, No 15, 17, and 19.

N. JOHNSON,

Who is SOLE Agent, and is always supplied for this market, for the sale of the celebrated Stove above named, of which 25 000 were sold the past year, and of which some 30 000 will not be more than sufficient to supply the demand the present year.

The BAY STATE is sold and warranted as usual. Returned after an unsatisfactory trial of 30 days, the price paid, will be refunded, together with interest and cost of returning.

Persons purchasing the BAY STATE, and desiring repairs, are not subjected to the trouble of sending to Rhode Island or New York for castings, nor to wait in Bangor for them, AS I HAVE THEM ON HAND!

A CHALLENGE OF $50

is proposed, that 50 Stoves of six sizes of any other pattern than the BAY STATE, (for which I am sole Agent,) cannot be produced which will combine with the 50 I now have on hand, in thickness and smoothness of Castings, or in quality and capacity of broiling, baking, boiling, or other cooking requisite.

The public are specially requested not to mistake a Stove called the "IMPROVED" BAY STATE, which is a cheaper and inferior article of Thinner and less durable castings, and which is sometimes advertised without the word Improved—as a trick, for the original and genuine BAY STATE, which has been so generally and thoroughly tested and admired.

All other kinds of STOVES constantly on hand, as above, which will be sold at reduced prices.

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.

No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent for the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted more expeditious mode of sending them to the Patent Office, *where by a Patent may be procured about six weeks earlier* the continues to forward them free of expense—to prepare Caveats, Specifications, Assignements, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *cheerfully* explaining their inventions, and if on inspection necessary to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen years* practice, an extensive collection of rare works, decisions, & on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts have kept of inventions patented at Washington, enable the subscriber to form an opinion at once of procuring Patents, assistance and information which in other respects might be difficult to attain.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. EDDY as entitled to be numbered and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of placing their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

FIRST.—The Balm remedies every defection of the Complexion,

And establishes in its stead Beauty and Health, as the time when both, by the changes of age, or freaks of nature, or disease, have been obscured and superinduced—it cleanses the skin, and draws to the surface all impurities, and severs species of pimples and blotches, also removes tan, sunburns, sallowness and freckles, imparting to the skin its original purity, and an unsurpassed freshness, tenderness of clear, smooth, and white.

Bounty on Wolves.

If you'd hear, Wolves must surely kill,
And Foxes, too, why Hunter's call,
'Tis nothing but to give the Pill,
The victim drops, then Hunters call.

AFTER trying for several years to obtain a more deadly poison for Wolves and Foxes than any heretofore used, I have now succeeded in getting an article that is sure and almost instantaneous in its deadly effects, giving its victim no time to move from the fatal spot where it was tempted by the Hunter to take his last mouthful—There is no other like it that I have seed or been able to find. PULMONARY BALSAM,

The Great COUGH REMEDY.

Many years of [illegible] more than a Hundred Thousand Cures of the most severe Complaints, satisfactory to all persons in this [illegible] recently, that it is greatly superior to any other remedy for the cure of Consumption, Coughs, Colds, Bronchitis, Asthma, Whooping Cough, Croup, Influenza, Hoarseness, Pain in the Side, Back or Chest, Night Sweats, Spitting of Blood, and all Diseases of the Throat and Lungs, and in fact, all diseases that lead to Consumption, which, as we all know, is the fell destroyer of more than one-fifth part of the human family. We do not hesitate to say, that in all cases of Consumption, however deep seated or alarming the symptoms may be, if the directions for taking the Balsam are strictly complied with, such is the wonderful power it has over this dreadful disease, that a perfect cure will be effected in every case, no matter how many physicians have given the patient up to die, or how many of the usual remedies have been tried without success. Even in cases where the lungs are entirely consumed, and large cavities have formed, and the patient is hectic from the third or fourth stage of the disease, and apparently on the verge of the grave, the Balsam will, in a majority of cases, restore the patient to perfect health, and cause him to enjoy as good health as he ever did. Also, for Bronchitis, Sore Throat, Asthma, Whooping Cough, Croup, Influenza, Hoarseness, Pain in the Side, Back or Chest, Night Sweats, Spitting of Blood, and all Diseases of the Throat and Lungs, and in fact, all diseases that lead to Consumption, which, as we all know, is the fell destroyer of more than one-fifth part of the human family.
